## **We cannot service your patient without the following completed.**

**Detailed Written Order (DWO)** signed by the patient's physician. Must include the following:

- 3 Dates: Date of Order, Face to Face Date and Physician's Signature Date
- Patient Information
- Product prescribed per body part, check all that apply
- Right, Left or Bilateral for all pieces being prescribed
- If the patient has Lymphedema, one of the following diagnoses must be referenced in the medical notes: I89.0 Lymphedema, not elsewhere classified; I97.2 Postmastectomy lymphedema syndrome; I97.89 Other postprocedural complications and disorders of the circulatory system, not elsewhere classified; Q82.0 Hereditary lymphedema
- Medicare's coverage:
  - 3 daytime garments or wraps per body part every 6 months
  - 2 nighttime garments per body part every 2 years

**Demographic Sheet** with insurance information.

**Medical notes** MUST detail the following:

- One of the diagnosis's listed above
- If you are treating the patient with a custom garment, the medical records must necessitate the use of a custom fitted gradient compression garment versus an off-the-shelf standard gradient compression garment.
- Explanation of the patient's current condition and that they would benefit from the specific garment(s) being ordered.

**MedCOR will follow up with patients to discuss financial responsibility and next steps.**

- MedCOR verifies patient insurance eligibility and contacts the patient directly to discuss financial responsibility.
- MedCOR schedules an appointment for patients to be measured and fitted, if needed.
- MedCOR services patients with appropriate garments. If a special order is needed, MedCOR will order garments and direct ship.

**Please note:**

MedCOR is bound by strict regulations and guidelines for insurance services. We might have to call clinic referral sources and/or doctor's offices several times to get all accurate information on file in order to service your patient. This is due to strict Medicare regulations which are followed by most insurance carriers.
